THE ROBERTSON NURSERY

Having taken over the ownership and management of The Robertson Fruit Farm and Nursery after the death of Mr. Robertson last July, I wish to state that I have worked here with him for many years and feel capable of carrying on the work in the same way that he did. I wish to thank his many friends and customers of the past, and hope to have you as friends of mine and to be able to serve you in the future.

Thos. D. Miller.

We have about the usual supply of fine hardy home-grown stock, which is true to name. We try out many of the new kinds of fruits, but, only propagate and sell the ones we find to be the best and which are hardy enough to withstand our climatic conditions.

If you are not satisfied with order when you receive it or if through some mistake on our part, the stock reaches you in poor condition, please notify me at once. We do not replace "free" or at "half price," but we do try to make our mistakes good.

We pay postage on orders of \$1.00 or more going by mail, but send a little larger and heavier stock by express, which is paid by the customer. Those living in South Dakota, add 3% of your order for sales tax. Address all orders to Thos. D. Miller, Drawer 242, Hot Springs, So. Dak.
